

# ULS Public Access Release Notice

## Updated 12/01/2005

### Effective Date

December 19, 2005

### Description

On December 19, 2005, ULS is implementing changes to the public access files to support the revised 601 Auctionable Services. These additions will result in two additional record types to public access.

Below are the changes that have been made to the Public Access download.

 A new Revenue Information (RI) record type has been added.

| Position | Data Element             | Definition  |
|----------|--------------------------|---|
| 1        | Record Type (RI)         | char(2)   |
| 2        | Unique System Identifier | numeric(9,0)  |
| 3        | ULS File Number          | char(14)  |
| 4        | EBF Number               | varchar(30)   |
| 5        | *Entity Type             | char(1)<br>F-Applicant<br>D- DIH<br>A-Affiliate                         |
| 6        | **Year Sequence ID       | smallint<br>1-most recent year<br>2-one year prior<br>3-two years prior |
| 7        | Year End Date            | datetime  |
| 8        | Gross Revenues           | money   |
